LDN- Low Dose Naltrexone Program

- **One Time Consultation Health & Wellness Evaluation & Medical Management Fee | \$225 ***
- **Maintenance Check Ins for Continuation of LDN Program | \$65 ***

**Does not include cost of medication. LDN is not covered by prescription insurance. Prescription will be sent to a licensed Virginia-based compounding pharmacy which will collect payment directly from you and ship your medication directly to your home. Maintenance check ins are required every 90 days in person, in office or virtual.*

**Pricing does not cover cost of medications which vary based upon treatment plan and prescriptive insurance coverage when indicated. Initial consult fee and follow-up office visits do not include the cost of labs, nurse draw fee, or medications.*

We do not bill insurance, however many patients are able to use their FSA/HSA cards, we recommend verifying with your specific plan your eligibility coverage. Availability of medications at local pharmacies varies. House of Bloom staff and providers are unable to verify availability of medications at a given pharmacy. Compounded medications will be sent to licensed pharmacies when indicated. Prices subject to change.

All appointments require a credit card on file and a nonrefundable booking deposit of \$50 which will be applied to services.

Low Dose Naltrexone (LDN) Program

Naltrexone has been FDA approved for addiction treatment for over 40 years. Clinical studies have shown that, in lower doses, Naltrexone modulates the immune system, boosts endorphin production, and reduces inflammation, offering relief from pain to improve overall well-being.

One Time Consultation Health & Wellness Evaluation & Medical Management Fee | \$225 *

Includes evaluation of your medical history, current health status, counsel on use of LDN, benefits, risks, titration schedule, assessment of candidacy, education, and concierge virtual and secure portal support for dose titration and side effect management during the first 12 weeks. Follow-up either in office or virtual between week 6 and 11.

During week 11 of your initial LDN titration program in office or virtual follow-up will be scheduled to discuss the dose at which you titrated up to, your clinical response, improvement status, discuss any side effects, questions, or concerns you have. A new maintenance prescription will be sent to the pharmacy for a 90 day supply of your given dose of medication. As needed concierge support via secure patient portal.

**Initial 12 weeks of medication not included. Prescription will be sent to a licensed Virginia-based compounding pharmacy. Medication will be shipped directly to your home and payment will be made directly to the pharmacy for your medication. LDN is not covered by prescriptive insurance plans and will be paid for out of pocket. Pharmacy may accept HSA/FSA card payments.*

Maintenance Check Ins for Continuation of LDN Program | \$65 *

Every 90 days you will need to be seen for evaluation and ongoing eligibility for the LDN program. This visit can either be done in office or via virtual follow-up. Any changes to your health status, medical history, medications, or symptomatology will be discussed. A new refill of your maintenance prescription will be sent to the pharmacy for a 90 day supply of your given dose of medication. As needed concierge support via secure patient portal will still be available to you for any questions or concerns.

**Does not include cost of medication. Prescription will be sent to a licensed Virginia-based compounding pharmacy which will collect payment directly from you and ship your medication directly to your home.*

All appointments require a credit card on file and a nonrefundable booking deposit of \$50 which will be applied to services.
